

CANNINGTON EQUESTRIAN CENTRE

RUG WASHING SERVICES

We are now offering rug washing and re-proofing here at Cannington Equestrian Centre*. **Due to covid-19 restrictions rugs can't be touched for 48hrs. Please allow 5 working days for rugs to be ready for collection.*

- All of our rugs are washed using non-bio detergent in our large commercial washing machine
- They are re-proofed with 'Nikwax' the leading professional washing and re-proofing liquid which safely revitalises insulation and water repellency.
- The frequency of re-proofing depends on the age of the rug. A re-proofing treatment should last a season and manufacturers recommend it be done each year.
- We believe that while a horse rug can be an expensive part of your equestrian kit, it is also worth bearing in mind its life expectancy, so giving your rug an annual wash or wash and reproof will prolong it life a good few more years. If we receive a rug we feel has reached the end or is beyond repair we will contact you before we wash it.

WE ARE UNABLE TO WASH AND RE-PROOF ANY DAMAGED RUGS AS THE LOOSE FIBERS DAMAGE OUR MACHINE. YOUR RUGS MUST BE RE-PAIRED BEFORE WE CAN WASH THEM.

Please ensure all rugs are bagged prior to drop off and a note inside with the make/size/colour of each rug and which service you require and your name & number. Payments must be made over the phone prior to collection. Please allow 5 working days for your items to be collected.

An invoice will be placed in with your clean rugs ready for when you collect.

Please call or message the Equestrian Centre for more details and to arrange a drop-off.
